

*Happy Birthday and Merry Christmas
Mum & Dad*

I have arranged a very special gift for you both this year.

There's some fine trout fishing up in Lochaber and I have arranged a day excursion for you with Fishing Scotland where you will have a great time learning the skills of Fly Fishing.

They will teach you to cast a fly to catch a wee broon trout in a secluded Highland loch, the habitat of golden eagle, osprey, red deer, otter, Atlantic Salmon and Brown Trout.

Fishing Scotland provide all instruction, coaching, fishing tackle and even Wellie boots. You only need to be dressed for the weather of the day and bring a hearty picnic lunch.

When you are ready, or have any questions just call James, and he will make the arrangements to your convenience.

Lots of Love and the best of luck.
